

THE AMBASSADOR HIGH SCHOOL

16th May 2020

Dear Parents,

We had an abrupt end to the Academic year 2019-20. It was an end so unexpected and quite unlike what we planned. The Lockdown due to *Covid19* had us all confined to our homes. We are confident however that you and your family are all safe and secure in the confines of your home.

When things do not go the way we have wanted them to go, We have to make a choice to rise above the circumstance and turn the difficulty into an opportunity.

Time has elapsed and we are now at the start of the Next Academic year 2020 -21. It is time to start out in a fresh, new and exciting way.

We understand that you may have had concerns about your child' s education. As their educationists, we too were equally concerned and in response we have come up with creative solutions for our students to ensure that we don't lose any more crucial time.

- # The teachers on their part have equipped themselves to become 21st century educators, armed with e-teaching aids.
- # Using the Online platform of our website, we have already been posting lessons and assignments of each subject.
- # We have much more facilities that we will soon introduce to ensure that your child utilizes this time to continue on his educational journey with us.

You, the Parent community have always been very supportive of us and this is what encourages us to keep reaching ahead.

We need your help once again to ensure the productivity of this online learning platform:

- 1) Please ensure that your child gets an atmosphere conducive to study (without any disturbance of T.V, Music, etc.)
- 2) Your child requires at least 3 hours a day to daily go through the contents of the links being sent on each subject. In this way at the end of the week, they will master the content and be ready for the next study material.
- 3) For Maths and Languages, your child will have to practice by writing.
- 4) Completion of Assignments will help reinforcement of the Subject matter.
- 5) You may have already downloaded the BYJU'S app link.

<https://byjus.com/free-live-classes/> - It has free resources for our students.

Don't miss out on this wonderful FREE educational tool.

We are here to help you. If you have any queries, please feel free to contact us:
